Addition of Die Attach Sub-Supplier for the Bourns® Model CDDFN10-3304N TVS Diode Array

In order to support our fast growing demand, secure continuity of supply and provide maximum flexibility to our customers, Bourns is working with our existing assembly/test subcontractor to add a second die attach epoxy supplier for the Bourns® [Model CDDFN10-3304N](#) TVS Diode Array.

There is no change to the fit, form, function or reliability of the products. Traceability is maintained through the lot code and date code. The product marking and label are unchanged. The country of origin will remain China. Evaluation samples and qualification data are available upon request.

Unless your company has been notified otherwise by Bourns, deliveries of such products may occur six months after the date of this notice.

Implementation dates are as follows:

Date that deliveries of modified products will begin: December 1, 2016

First date code using the above changes: 1646

If you have any questions or need additional information, please feel free to contact [Customer Service/Inside Sales](#).
