Bourns® Sensors & Controls Product Group Adds Second Manufacturing Location

Bourns® Sensors & Controls Product Group announces the addition of a second manufacturing location for Bourns® [Model 3590S](#) precision potentiometer.

This new manufacturing location is focused on production that primarily serves our customers in the Asian market.

The product manufactured at the India location is identical to that manufactured at our Mexico location and differs only in marking and country of origin.

Current Mexico Location

Second India Location

Production of the Bourns® Model 3590S in India began in December 2010.

For questions or further information please contact [Bourns Customer Service](#).
