Select Bourns® PC “Slimline” Panel Controls to be Discontinued

Solder Lug Models

Riverside, California – June 10, 2021 – Effective immediately, and in accordance with our ongoing product lifecycle management procedure, Bourns will transfer [Model PC “Slimline” Panel Controls](#) with solder lug terminals to an End of Product Life status. Our supplier’s discontinuation of the terminals used in these parts necessitates this action. A list of affected part numbers is included on page 2. PC pin models are not affected.

Regrettably, no replacement products are available at this time. Customers must notify Bourns in writing within 30 days of receipt of this notification if they consider the discontinued products to be “sole sourced” by Bourns. In such cases, Bourns will work with customers to negotiate an appropriate end-of-life purchase for the discontinued part numbers. Products purchased during this End of Product Life transition period will be covered by Bourns’ standard warranty. Last Time Buy orders for this model will be considered non-cancellable and non-returnable.

If you have any questions or need additional information, please feel free to contact [Customer Service/ Inside Sales](#).
