Bourns® Model 4010-01 Surge Protector Test Sets to be Discontinued

Bourns Outside Plant Products Group will be discontinuing [Model 4010-01](#) Surge Protector Test Sets. A lack of sales volume and diminishing demand necessitates this action.

The new [Model 4030-0x](#) Surge Protector Test Sets are replacements/upgrades to the Model 4010-01 Series products.

The replacement part numbers have a different form and fit but offer a similar function. The Model 4030-0x offers rugged construction and more options including standard and low voltage models, a wall mount option and a built-in socket for testing 5-pin surge protectors.
